September 25, 2020

Amazing things are happening. The students have enjoyed the great weather to be outside for enrichment activities, snacks and experiments. Today marks the end of the first six weeks. The staff so enjoys seeing your students both virtually and in person. This weekend our Sun Shades should be up in our Outdoor Classroom. So exciting! Our plan is for the chickens to return after our Community Workday on October 3rd. Be sure to think of some great names for our feathered friends as we plan to hold a contest to name them once they return.

Our teachers would like to ask for home support as your students focus on learning.

1. Please touch base daily with your child to ensure they are attending lessons and community meetings.
2. Check over assignments and ensure they are submitting in a timely manner
3. Ascend Math for 2nd-8th graders - 30 minutes daily
4. Raz Kids for 1st-6th graders - daily/weekly expectations
5. Read each day (15-30 minutes daily)

It is important to remember that our school day/student work time lasts for about seven hours for all students. Fridays everyone must attend community meetings and then work independently. Our students can plan their independent work time accordingly.

Upcoming Events

September 25	Last day of 1st Six Weeks
